

You're the Only One

Dolly Parton

I found out the hard way
And Im never gonna break your heart
I know, too late
And I don't want to break your heart
Guess I had to go away just to find
What I left behind
Youre the only one
Youre the only one
Take me back
To where we started from
And lets make it now
Like we made it then
This ol heart aint gonna break your heart again

Nights I lay in bed
And your covers wouldn't warm my feet
And morning found me
Bitter or a bit too sweet
Oh baby, I had to go away
Just to run back and say

Youre the only one
Youre the only one
Take me back
To where we started from
Can we make it now
Like we made it then
This ol heart aint gonna break your heart again

Youre the only one darlin
They'll never be anyone else but you
I love you so much
You are my love, youve become my life
And I never meant to break your heart
But, sometimes, you just got to go away
To find what you left behind

Youre the only one
Youre the only one
Take me back
To where we started from
Can we make it now
Like we make it then
This ol heart aint gonna break your heart again

Youre the only one
Youre the only one
Youre the only one
The only one
So take me back
To where we started from

Youre the only one
The only one
Youre the only one

You re the only one

The only one
Take me back
To where we started from

Youre the only one
The only one
Youre the only one
Youre the only one
The only one
