

# You're the Only One

Dolly Parton

I found out the hard way  
And Im never gonna break your heart  
I know, too late  
And I don't want to break your heart  
Guess I had to go away just to find  
What I left behind  
Youre the only one  
Youre the only one  
Take me back  
To where we started from  
And lets make it now  
Like we made it then  
This ol heart aint gonna break your heart again

Nights I lay in bed  
And your covers wouldn't warm my feet  
And morning found me  
Bitter or a bit too sweet  
Oh baby, I had to go away  
Just to run back and say

Youre the only one  
Youre the only one  
Take me back  
To where we started from  
Can we make it now  
Like we made it then  
This ol heart aint gonna break your heart again

Youre the only one darlin  
They'll never be anyone else but you  
I love you so much  
You are my love, youve become my life  
And I never meant to break your heart  
But, sometimes, you just got to go away  
To find what you left behind

Youre the only one  
Youre the only one  
Take me back  
To where we started from  
Can we make it now  
Like we make it then  
This ol heart aint gonna break your heart again

Youre the only one  
Youre the only one  
Youre the only one  
The only one  
So take me back  
To where we started from

Youre the only one  
The only one  
Youre the only one

You re the only one

The only one  
Take me back  
To where we started from

Youre the only one  
The only one  
Youre the only one  
Youre the only one  
The only one
