

Angel Fire

Dolores O'Riordan

Another lonely night in December
Shove in, shove in, shove in
It is the time of year people remember
Shove in, shove in
I can't find a word to say to you
I can't comprehend, I can't relate to you

Plain to see no flies on him
Take me higher Angel Fire
Take me where I want to go
Teach me things I need to know
Plain to see no flies on him
Take me higher Angel Fire
Take me where I want to go
Teach me things I need to know

I'm knowing this could be our last event
Shove in, shove in, shove in
I'm knowing I am your youngest descent
I don't want to know your pain
I don't want to play the game

Plain to see no flies on him
Take me higher Angel Fire
Take me where I want to go
Teach me things I need to know

Plain to see no flies on me
Take me higher Angel Fire
Take me where I want to go
Teach me things I need to know

I can't find a word to say to you
I can't comprehend, I can't relate to you

Plain to see you faithfully
Take me higher Angel Fire
Take me where I want to go
Teach me things I need to know
Can't you see you're made for me
Take me higher Angel Fire
Take me where I want to go
Teach me things I need to know
Can't you see you're made for me
Take me higher Angel Fire
Take me where I want to go
Teach me things I need to know

(Who knows)
