

Lunatic

Dolores O'Riordan

Do you follow me?
I think you're losing your mind

Throw down your sword
Come out of your chamber
You should throw,
Throw down your sword
Come out of your chamber,
Lunatic

Wanna play with me?
Wanna stay with me?

I think you're losing your mind

Throw down your sword
Come out of your chamber
You should throw,
Throw down your sword
Come out of your chamber,
Lunatic

There's no where you can hide
No, there's no where you can hide
