

Stupid

Dolores O'Riordan

I cannot erase this memory
Something let its track inside of me

Stupid, stupid
Stay here for a while
Sit down beside me
Oh, stay here for a while

Sing me a love song
Sing me a song x2

Something that I'm holding in my hand
Something I will never understand
Do you live your life to be in love?
I can hear you calling from above

Stupid, stupid
Stay here for a while
Sit down beside me
Oh, stay here for a while

Stupid, It's stupid
Just stay here for a while
Sit down beside me
Oh, stay here for a while

Sing me a love song
Sing me a song x2

Cannot erase this memory
Erase this memory
Erase this memory

Stupid, stupid
Stay here for a while
Sit down beside me
Oh, stay here for a while

Sing me a love song
Sing me a song x2
