

# Of All Time

Dom Kennedy

Things finally looking up, Girls finally getting down  
When hoes around slows you down

Yea

It's either be on my team, or you'll probably lose  
The day you shut down my city nigga I'll probably moved  
I feel like I'm the only nigga poppin and that's probably true  
Poly set the screen, I'm just waitin on my alley oop  
My girl is sweeter than berrys, Halle too  
I might get her a couple rings if she Audi cool  
AA'in it's hard to stay patient, when you hear that M5  
And the nigga paid Franklin's  
Hollywood sign, my little niggas stay adjacent  
It's money in the air like somebody sprayed a fragrance  
What success sound like when you dressed down nice  
Damn... Everything I do in the West sound right  
This feel like Nike when they just found Mike  
Or them black and white commercials when they just found Spike  
Then them Porsches in a circle getting spint round twice  
I ain't makin money off music? Then what this sound like nigga?

Ya'll do ya'll dog and I'm a do me  
And in the end trust me we gone see  
The real one that's destined to be  
The Coldest Nigga Of All Time  
Who are you dog compared to me?  
You the States I'm over seas  
C.N.O.A.T, Coldest Nigga Of All Time

Black candle, Black lighter, Black Roses  
I'm showing niggas the way I'm like the black Moses  
For South Central, LA this like the Black Opis  
King of 8th nigga get ya Google Maps open  
LA's finest pull me over with they whack slogan  
And pound my shit if you want, I'll be back rollin  
A week later I'm at the lot with a stack, Hold It!  
Shit I got a generation on my back (Go in)  
For loose listeners I don't want to petition ya  
Hand over my heart if you fuck with me unconditional  
Fortune 500 Dom on my Mom  
It's like Iraq in this shit, tell Flex drop the bomb  
Number one with a bullet, bet I knock it off  
Best nigga in LA if I'm never not involved  
I be aimin for the heavens I ain't never shot at blogs  
Why you scared to speak to me? I ain't never got at ya'll. Hah

Fear em, soon as you hear em  
Upon my arrival the real niggas cheer em  
Black Mac Book, keep my business in line  
I think a Jesus Piece might keep my Spirit Divine  
But I read a passage to keep my lyrics in line  
I ain't reached the masses but still I feel I've been tryin (Naw)  
Shit at least I feel I can grind  
Million dollar deal, at least I will when I sign (HA)  
You spent a DEM on your cloths  
Buyin Louis belts I can see em off a show

Fuck Video hoes, I done seen em when they broke  
Tryin to get a date I done seen all in they throat
