

# When You See Love

Dom Kennedy

Her smile reminds me of a warm summer breeze  
Like that playground with steez  
Write our the name in the trees

Her smile reminds me of a warm summer breeze  
Like that time on the beach  
And that sand through your feet

Comin live from never never land  
We out in Jamaica getting hella tan  
Adidas track pants on and wedding bands  
When you see love just go get it fam  
She half super woman but she down to earth  
It's about who have it last not who found it first  
Them tears on her pillow is the sound of hurt  
Any time you want to build I be down to work  
Just call my number up  
Got to keep in touch  
Just tell me if there someone else  
We got to keep the trust  
You always focused on us girl just keep it up  
And I'm a take you roller skating before the week is up  
I'm always on the road so we don't speak enough  
I was told skys the limit so I'm reaching up  
Them glow in her eyes just eat me up  
Turn them speakers up

Her smile reminds me of a warm summer breeze  
Like that playground with steez  
Right in the name in the trees

Her smile reminds me of a warm summer breeze  
Like that time on the beach  
And that sand through your feet

It's a lot of late nights filled with contemplation  
I could read your body language like a conversation  
If we never talk again was your time wasted  
I'm in a league of my own Tom Hanks  
Good people going great places  
It don't happen overnight  
Shit it take patience  
Nothing is the same  
Life stay changing  
As I put my head down and I say graces

Warm summer breeze  
Playground and steez  
Right in the name in the trees  
Smile reminds me of a warm summer breeze  
Time on the beach  
Sand through your feet
