

## Move on

Domain

Believe me - it has never been that easy  
Spent way too much heart and soul  
Still I don't know if this is right or wrong  
But now I'm through - yes I'm gone  
You know I always kept believin'  
You know I always kept my heart  
But now there's no use in dreamin'  
I should have known this from the start

I've never thought I'd ever come this far  
I've never thought you'd ever change

But seasons change and times they change  
And people go their separate ways  
When there's no past no love can last  
Two hearts won't see no future days  
This much is true - I'm loving you  
So please don't treat me like a fool  
We have been playing far too long  
So now it's time for me to

Move on - move on - now I gotta go my own way  
Move on - move on - there's no turning back for me now  
Move on - move on - now I gotta go my own way  
There's no turning back for me now  
There's no looking back for me  
No more

How could I believe you'd feel the way I do  
And now I'm stuck inside this maze  
I was the blind man you've treated oh so cruel  
You've always kicked right in the face

But seasons change and times they change  
And people go their separate ways  
When there's no past no love can last  
Two hearts won't see no future days  
This much is true - I'm loving you  
So please don't treat me like a fool  
We have been playing far too long  
So now it's time for me to

Move on - move on - now I gotta go my own way  
Move on - move on - there's no turning back for me now  
Move on - move on - now I gotta go my own way  
There's no turning back for me now  
There's no looking back for me  
No more  
I'm movin' baby
