

Price of Time

Domain

Tell me 'bout the price of time
Tell me 'bout the price of time

Ever felt like wishing back one moment
One special second of your life
Ever felt like you'd do anything
You'd die - you'd scream - you'd pay for your life

Tell me 'bout the price of time - just believe
If I could turn the hands of time - just believe

Ever felt like you didn't act the way - (the way that you should)
Just like the way you wanted to - (that you wanted to)
Ever given a smile instead of a scream - (of a scream)
Instead of shouting and crying out loud - crying out loud

Tell me 'bout the price of time - just believe
If I could turn the hands of time - just believe

And the clock keeps ticking and the clock keeps ticking

Tell me 'bout the price of time - make it real
If I could turn the hands of time - just believe

If I could turn the hands of time - just believe
Just believe
