

# Liquid Lightning

Dominici

The prisoner goes to meet with the so-called “  
leaders”.  
Detective Dam follows unseen but is shocked at what he  
observes.  
The prisoner disappears and is nowhere to be found for  
days.

I trailed him under cover of night  
Down a dark and dusty road, out of sight  
He disappeared completely right before my eyes  
There beneath the pale moonlight

A flash of burning color  
A fire in the trees  
A sickening vibration  
Brought me to my knees

A frozen fire  
Burned my eyes  
Am I dreaming, is it real?  
Liquid lightning  
Cracked the skies  
Have I lost my mind?

I had no drink or smoke  
My mind was crystal clear  
I can't explain  
How did he disappear?  
My thoughts were going in and out  
I barely made it home  
I can't forget the fear I felt  
Frozen in my bones  
I thought I saw him vanishing  
Into a metallic cloud  
It hovered right above me  
But it didn't make a sound

A Frozen fire  
Burned my eyes  
Am I dreaming?  
Liquid lightning cracked the skies  
Have I lost my mind?

A Frozen fire  
Burned my eyes  
Am I dreaming?  
Liquid lightning cracked the skies

A Frozen fire  
Burned my eyes  
Am I dreaming?  
Liquid lightning cracked the skies  
Have I lost my mind?
