Chocolate Girl  
Livin' in a chocolate world  
Come break me off a piece of that hershey thing  
Girl I wanna see taste your cocoa tang  
Chocolate girl  
Livin' in a chocolate world  
Come break me off a piece of that hershey thing  
Girl I wanna feel your cocoa tang

Girl flex, it's time to have sex  
The diggady D's, diggin' it deep, in the back of the jeep  
Thinkin' bout duckin' shuke shuke and he knows your name  
And keepin' that strap or a gap for that trojan man  
Lovin' it when you lick me low, or on top of me  
So I'm ridin' it like a tractor, it's a factor  
Can you feel me? Do you know my statistic?  
Midwestern playalistic, mystic  
Chocolate be my flavor, it's delicious  
Like the bomb planted inside, when she hit this  
Baby be with me, squirt out like a stream  
This is my hour on the tower, baby starts to sing  
Did I blow your mind this time?  
Didn't I? You best believe it baby  
I like to bust down with wood, just to feel your body heat  
What is it bout your love that makes your hair smell so sweet?

Lovin' them senses, diggady got it sowed up  
Got some bags and they're tryin' to get a playa rolled up  
Surely on the reala, keep my pockets filled up  
Hand on the Hen, a little case so the homie don't have to get up  
I stay motivated these tricks hate it  
When these ladies be choculated  
Cuz I'm peepin' up on them things, and a man who can kick that conversation  
Don't try to run that game, and come with all that trash  
Talkin' bout pay and hit, better find somebody else to go hit that ass  
You may feel the pain  
While the homies run a train  
Put 'em in the trunk, cuz I don't like them marys on my lap  
I like it when it's tight, so I could hit it all night  
To be true to y'all, Domino still be scopin' for the tight ass booty call  
Came into her crib lookin' good for my health  
On the scale of one to ten, I jumped back to kiss myself  
When it's sweet, it's hard to get enough  
So low does Domino go, to get a look of that cocoa
