Here we go, here we go as the tune starts to bloom With a phat phat track pumpin' gas 1 2 3 and this is 0 G
The freaks would ya move ya pretty a-ass

The getto jam is about to slam
With some notes from the diggady d-de
As I key what's really goin' on
Would ya reminisce with me-e

Saturday morning just gettin' up With a hangover smellin' like a fuck I really can't remember 'cause I'm still kinda faded So I close my eyes and thank God that I made it

Now I'm gettin' flashbacks of some O.J. With a green glass, that's tangere
Took it to the hand gulped it down with the quickness
Now I need a trick so I can handle my business

What do you know, a freak's in my reach
Threw her on the flo', stuck it in her deep
She's screamin' and she's screamin' and she's screamin', gettin' horse
But then I busted her gut, and that was that, so kick the chorus

Here we go, here we go as the tune starts to bloom With a phat phat track pumpin' gas 1 2 3 and this is 0 G

My homies are down, chillin' in the hood Got them hootchies, well they ain't no good To the other man, well she might be some good cat But the homies in the hood label her as a hood rat

She's standing there
So those with game can dare
And ooh, she'll pound that ass real fast
If it ain't that big

And when your in that thing She'll make the homies sing Dubabwaa, dubabwaa, dubabwaa But you don't hear me doe

Ain't nuthin' wrong with being a Trojan man When ya ridin' So let's kick the chorus please If ya like it

Here we go, here we go as the tune starts to bloom With a phat phat track pumpin' gas

My homies crowding in this dope yellow Chevy 2:03 to be prox
Ken was kickin' that funk in the trunk
Clean with the rag on top, yeah

Rollin' down the shore, guess what we saw Some hootchies They're fine as wine, is doggin' me She's showing booty

So I approached the freak of the week And I played it like a game of blackjack And for all that ass that she toted around Well I offered a backpack

And since I'm a mack
Well, you know how the story goes
So all ya bros, freaks ya know
Here we go
