

## Automatic

Don Broco

Don't you wanna be automatic  
Don't you wanna live automatically  
Say you wanna  
Say the word

Miracle cures  
You don't think twice  
You don't think about it  
Something I heard  
You don't take a bite you won't know

Don't you wanna be automatic  
Don't you wanna live

Don't you wanna be automatic  
Don't you wanna live automatically  
Say you wanna  
Say the word  
And you're cured

Liberal words  
I won't tell your friends  
I won't tell your mother  
Out of this world  
You don't make this right you won't know

Don't you wanna be automatic  
Don't you wanna live

Don't think twice don't think  
Take that bite, take it

Won't you say the word  
And you're cured

Don't you wanna be automatic  
Don't you wanna live automatically  
Say you wanna  
Say the word  
Something that I gotta believe

Don't you wanna be automatic  
Don't you wanna live automatically  
Say you wanna  
Say the word  
And you're cured  
Say you wanna  
Say you're cured
