

Brother Of The Son

Don Francisco

Jesus, all I want to do is follow
And give away the love You give to me
To shine a light in someone else's darkness
To say the words they need to hear to set them free.

Take this heart of stone and make it over
For all my life it's all I have to give
Fill it with your love and understanding
Show me how to feel and how to live.

Father, let your Spirit flow inside me
Till all that will not praise You is undone
Help me keep my feet upon the highway
And grow to be a brother of the Son.

When at last the Book of Life is opened
And accounts of all Your servants have been shown
Lord, let me bring somebody with me
And stand with all my friends before the thorn.
