## **Brother Of The Son**

## **Don Francisco**

Jesus, all I want to do is follow And give away the love You give to me To shine a light in someone else's darkness To say the words they need to hear to set them free.

Take this heart of stone and make it over For all my life it's all I have to give Fill it with your love and understanding Show me how to feel and how to live.

Father, let your Spirit flow inside me Till all that will not praise You is undone Help me keep my feet upon the highway And grow to be a brother of the Son.

When at last the Book of Life is opened And accounts of all Your servants have been shown Lord, let me bring somebody with me And stand with all my friends before the thown.
