

Far Far Away

Don Gibson

Far, far away is my love of yesterday
And she's gone, gone, gone, gone from me, from me
Far, far away is my life, my love, my way
And wonder, where, where, where, oh, where can she be?

Days endless, days nights, dark
As may lonely, I'm lonely where can she be?
Far far away is my love of yesterday
Wonder, where, where, where, where, where, oh, where can she be
?

Far, far away
