

# No Doubt About It

Don Gibson

There's no doubt about it I know this time  
I saw for the first time you're his you're not mine  
There's no doubt about it I've reached the end of my life  
I've lost my whole world this time  
Yes and I bow my head and cry  
And I can't help but hurt and wonder why  
There's no doubt about it I've reached the end of my life  
I've lost my whole world this time  
Yes and I bow my head and cry...
