Run Along Blues

Don Gibson

Run along blues don't you bother me run along blues let me be
Well you're all the time weighin' on my mind
You won't let me be run along blues don't you worry me
Just let me alone now let me pretend
That she's still mine now she's not just a friend
Run along blues don't you start the pain I'll hurt tomorrow if
it's all the same
I know you'll be back I'm in misery run along blues don't you b
other me
Just let me alone now let me pretend
