

Too Much Hurt

Don Gibson

I got too much hurt not enough love for me
Nothing but misery lonesome old memory
I got too much hurt you tore my world apart
Left me with broken dreams tears in my heart

Tellin' lies blues and cries oh you're makin' a fool out of me
Don't you know that it hurts me so when you tell me our love ju
st can't be
I got too much hurt not enough love for me
Nothing but memory of what used to be
Well tellin' lies blues and cries

I got too much hurt yes I got too much hurt mmm I got too much
hurt
