Too Much Hurt

Don Gibson

I got too much hurt not enough love for me Nothing but misery lonesome old memory I got too much hurt you tore my world apart Left me with broken dreams tears in my heart

Tellin' lies blues and cries oh you're makin' a fool out of me Don't you know that it hurts me so when you tell me our love ju st can't be

I got too much hurt not enough love for me Nothing but memory of what used to be Well tellin' lies blues and cries

I got too much hurt yes I got too much hurt mmm I got too much hurt
