

# Too Soon To Know

Don Gibson

(To soon too soon too soon to know)  
It's too soon to know  
If I can forget her  
My heart's been broken in too many pieces  
And It's too soon to know

Time passes slow  
Will I ever know  
If I can forget her and not let it show?  
But it's too soon to know

News travels fast when a love affair ends  
People keep asking what happened to them

But it's too soon to know  
If I can forget her  
My heart's been broken in too many pieces  
And It's too soon to know

My heart's been broken in too many pieces  
And It's too soon to know
