

Too Soon To Know

Don Gibson

(To soon too soon too soon to know)
It's too soon to know
If I can forget her
My heart's been broken in too many pieces
And It's too soon to know

Time passes slow
Will I ever know
If I can forget her and not let it show?
But it's too soon to know

News travels fast when a love affair ends
People keep asking what happened to them

But it's too soon to know
If I can forget her
My heart's been broken in too many pieces
And It's too soon to know

My heart's been broken in too many pieces
And It's too soon to know
