With Your Love On My Mind

Don Gibson

Here I sit with your love on my mind I'm blue as a man can be So long ago you told me you'll return

Now I've been waitin' so long you think I'd learned

Here I sit with your love on my mind I'm hoping praying saying you'll be mine

And now each day I'm havin' dreams without you

And though how I long for your return So here I sit with your love on my mind I'm hoping praying saying you'll be mine
