

My Love And My Light

Don Moen

You are my love and my light
You are my purpose for living
You are my hope in the night
My reason for singing
You bring the joy to my life
(And You're) Making it better and better
And I will give thanks forever and ever 2x

Will we ever know
What we have been given
He has chosen us and called us His own
Flowing from His throne
There is a river
Bringing life and health wherever it goes

You are my love and my light
You are my purpose for living
You are my hope in the night
My reason for singing
You bring the joy to my life
(And You're) Making it better and better
And I will give thanks forever and ever

We will bless Your name
Always and ever
And offer up the sacrifices of praise
Teach us Lord we pray
To live in Your presence
Make us more and more
Like You everyday

You are my love and my light
You are my purpose for living
You are my hope in the night
My reason for singing
You bring the joy to my life
(And You're) Making it better and better
And I will give thanks forever and ever

Oh oh oh
What a joy to know
Oh oh oh
Our Father loves us so

You are my love and my light
You are my purpose for living
You are my hope in the night
My reason for singing
You bring the joy to my life
(And You're) Making it better and better
And I will give thanks forever and ever 2x

And I will give thanks
Forever and ever 2x
