

Somebody's Praying for Me

Don Moen

I was lost in a desert land / So dry and thirsty / But God was
there where
He'd always been / Giving grace and mercy

So hard to sing and hard to pray / Yet I knew His Word was true
/ And then
one day my faith returned / And suddenly I knew

Somebody's praying for me / Somebody's knocking on Heaven's door /
Somebody's praying for me / Somebody's lifting me up to the Lord / I
knew it had to be / Somebody down on their knees / Somebody praying
for me

I've been spared by so many prayers / How many times I could not
say /
What a difference a prayer can make / When it's offered up in faith

God has always made a way / When I didn't know what to do / Just
when I
needed a miracle / That's when your prayers broke through

Somebody's praying for me / Somebody's knocking on Heaven's door /
Somebody's praying for me / Somebody's lifting me up to the Lord / Well
I knew it had to be / Somebody down on their knees / Somebody praying
for
me

Now I know that friend was you / You were the gift God gave me
/ 'Cuz
when you prayed His love broke through / It was your prayer that
saved me

Thank you for praying for me / Thank you for knocking on Heaven's
door /
Thank you for praying for me / Thank you for lifting me up to the Lord /
Now I can clearly see / That you were the one on your knees / So
thank you
for praying for me

Somebody's praying for me / Somebody's knocking on Heaven's door /
Somebody's praying for me / Somebody's lifting me up to the Lord

d / Well

I knew it had to be / Somebody down on their knees / Somebody p
raying for
me
