

## From Now On

Don Williams

Everybody comes with baggage  
Places and poeple before  
You don't know what all your getting  
When love walks through your door, through your door.

I've had some hills and some valleys  
You've done some traveling too  
You can tell by the dents and the scratches  
Our hearts aren't exactly brand new.

From now on is all that counts  
From now on is all that matters  
That's what living's all about  
From different roads we find each other  
You're the only love I want, from now on.

I'm thankful for the ones before me  
I'm grateful that they didn't stay  
We can't do a thing about it  
And it's made us who we are today.

From now on is all that counts  
From now on is all that matters  
That's what living's all about  
From different roads we find each other  
You're the only love I want, from now on.

From now on is all that counts  
From now on is all that matters  
That's what living's all about  
From different roads we find each other  
You're the only love I want, from now on...
