

## Goodbye Isn't Really Good At All

Don Williams

It seems you've gone, without leaving  
All the doors, are closed at night  
Though I've tried ,to think of leaving  
Goodbye isn't really good at all

If there were really something good to it  
And I knew it wouldn't get me down  
I could leave in the morning  
But goodbye isn't really good at all

Here we are, alone together  
That's the truth, and that's the lie  
Though I try, I can't get over  
Goodbye isn't really good at all

If goodbye were like it sometimes seems  
If it could be like it's been in some of my dreams  
I could leave in the morning  
But goodbye isn't really good at all
