Miracles, Miracles
That's what life's about
Most of you must agree
If you've thought it out.

I can see and I can hear
I can tell you why
I can think and I can feel
I can even cry
I can walk, I can run
I can swim the sea
We have made a baby son
And he looks like me.

Miracles, Miracles
That's what life's about
Most of you must agree
If you've thought it out.

But who is rich and who is poor
Who has more than me
Well, I have quite enough to win
My mind is free.

Miracles, Miracles
That's what life's about
I found you and you found me
We are not without
We are not without
We are without it I'm happy
We are not without
We are not without I'm so happy
We are not without...

hmmm hmmm.....
