

Not A Chance

Don Williams

Oh, If you could only see me
In the day or in the night
Maybe then you would believe me
When I say every thing's alright

Have I told you if you leave me
Winter, summer, spring or fall
I could never love another
It's you and me or none at all?

I'll never smile again
Not me, I'll never dance
I'll never love again
Not me, not a chance

I don't think I'd get up tight now
'Bout this life I live alone
And everything would be alright now
When you just bring it on back home

'Cause I'll never smile again
Not me, I'll never dance
I'll never love again
Not me, not a chance

I'll never smile again
Not me, I'll never dance
I'll never love again
Not me, not a chance
