

# Running Out Of Reasons To Run

Don Williams

Maybe you were struck by lightning  
Or run over by a truck  
Maybe a spaceship did abduct you  
Maybe you ran out of luck  
Maybe a flock of hungry tigers  
Happened to cross yours ways  
Last night  
Or were you swallowed by a whalefish  
Maybe you got into a fight  
Anyway something must  
Have happened  
Or else you would have called  
Maybe you just lost your balance  
Maybe you just tripped and fell  
And I was not around to catch you  
So you went straight down to hell  
Maybe you were held a prisoner  
And were charged on false A-complaints  
Maybe the lord was feeling lonely

And you were picked up by the saints  
Anyway something must  
Have happened  
Or else you would have called  
You've got to help me out  
'cause I'm running out of reasons  
Got to help me out  
Cause I'm running out of patience  
Got to help me out  
'cause I'm running out of you  
I'm running out of you  
Maybe you were struck by lightning  
Or run over by a truck  
Maybe a spaceship did abduct you  
Maybe I ran out of luck
