

# Say it Again

Don Williams

Thing about love, is I never saw it coming  
You kinda crept up into me by surprise  
And now there's a voice inside my heart that's got me wondering  
Is this true? I wanna hear it one more time

Move in a little closer  
Take it to a whisper  
Get just a litter louder  
Say it again for me  
Cause I love the way it feels when you are telling me that i'm the only one  
who blows your mind  
Say it again for me  
It's like the whole world starts to listen when you tell me you're in love  
Say it again

The thing about you is you know just how to get me  
You talk about us like there's no end in sight  
The thing about me is that I really wanna let you open the door and walk into  
my life

Move in a little closer  
Take it to a whisper  
Get just a litter louder  
Say it again for me  
Cause I love the way it feels when you are telling me that i'm the only one  
who blows your mind  
Say it again for me  
It's like the whole world starts to listen when you tell me you're in love

And it feels like it's the first time  
That anybody's ever brought the sun without the rain  
And never in my whole life  
Have I heard words as beautiful as when you say my name

Say it again for me  
Cause I love the way it feels when you are telling me that i'm the only one  
who blows your mind  
Say it again for me  
It's like the whole world starts to listen when you tell me you're in love

Say it again  
Say it again  
Say it again

Say it again  
Say it again  
Say it again

Say it again  
Say it again  
Say it again

When you tell me you're in love

Say it again
