

Silver Turns To Gold

Don Williams

When I get up in the mornin'
And I face a brand new day
I know that you're beside me
Every Step of the way.

For so long now we've been lovers
Always been the best of friends
I raise my glass up to ya!
As we start all over again.

I'll love you till the day that I die
With a feeling that will never grow old
I'll keep my arm around you
When you start to move a little slow.

And our love will never fade away
Our story will forever be told
You know where you can find me
When silver turns to gold.

I gave my heart away to you
The first time I felt the touch of your hand
And twenty-five years later
I still wanna be your man.

And I'll love you till the day that I die
With a feeling that will never grow old
I'll keep my arm around you
When you start to move a little slow.

And our love will never fade away
Our story will forever be told
You know where you can find me
When silver turns to gold.

You know where you can find me
When silver turns to gold...
