Years from Now

Don Williams

Years from now, I'll want you years from now I'll hold you years from now As I hold you tonight

You are my one true friend Always my one true friend And I'll love you till life's end, As I love you tonight.

I know this world that we live in Can be hard now and then And it will be again, Many times we've been down

Still love has kept us together For the flame never dies When I look in your eyes All the future I see.

Holding you years, from now Wanting you years, from now Loving you years, from now As I love you tonight...
