

# Lord I Try

Donald Lawrence

Lord I try  
To do my best  
But the road seems so hard  
To climb

Lord I try  
But I don't succeed  
Blood, sweat, and tears  
And fears

Is there any way  
I can make it by myself  
I've searched and found,  
No one else  
I need your help

I won't try by myself  
For I know, that help is mine  
If I want it

And my help lies in God  
And my help lies in God  
And my help lies in  
God
