

# **We Agree**

**Donald Lawrence**

[Verse:]

These are the days of your decree  
What we speak will be established  
What we bind and what we loose is bound and loosed in heaven.

[Verse:]

These are the days when seasons change the first is last the last is first all that you lost shall be returned lost years recovered  
So we agree we agree

[Chorus:]

We believe that the famine is over  
We believe that fruit is on the vine  
We believe dry places are watered  
It's the latter rain the latter rain we believe

[Vamp:]

Anything can happen,  
Anything can happen when we agree  
All things are possible nothing is impossible when we agree when we agree...
