

# Life, Love & Laughter

Donavon Frankenreiter

Don't look back, it won't do any good  
Don't look ahead you'll just be misunderstood  
Everything you need could be right in front of you  
It doesn't take much to see what is true  
They say we are going to die if we go on like this  
Who do you believe? Every story has a twist  
Take a look around, tell me what you see  
People in the world just trying to be free  
What about all those things you could have done but you don't?  
They say things happen for a reason, you don't do them, they won't

I'm lookin' for life, love and laughter

Everything in between and what happens after  
I'm lookin' for life, lookin' for love, lookin' for laughter

Things are gonna change, they never stay the same  
That's why we're fighting a war but the people are to blame  
You can only stand up for what you believe  
Don't be blinded by the power of greed  
What about all those things you could have done but you don't?  
They say things happen for a reason, you don't do them, they won't

I'm lookin' for life, love and laughter  
Everything in between and what happens after  
I'm lookin' for life, love and laughter  
Everything in between and what happens after  
Lookin' for laughter

We got everything we need  
All the money in the world, want to buy what we see  
Dreams are worth more than gold  
Some people hold on, some people let go  
The stars all come out at night  
The velvet sky, all so bright  
I feel so close to you  
Because I see what you see too

I'm lookin' for life, love and laughter  
Everything in between and what happens after  
Lookin' for life  
I'm lookin' for life, love and laughter  
Everything in between and what happens after  
What happens after!  
I'm lookin' for life, love and laughter  
Everything in between and what happens after  
What happens after?
