## Life, Love & Laughter

**Donavon Frankenreiter** 

Don't look back, it won't do any good Don't look ahead you'll just be misunderstood Everything you need could be right in front of you It doesn't take much to see what is true They say we are going to die if we go on like this Who do you believe? Every story has a twist Take a look around, tell me what you see People in the world just trying to be free What about all those things you could have done but you don't? They say things happen for a reason, you don't do them, they won't

I'm lookin' for life, love and laughter

Everything in between and what happens after I'm lookin' for life, lookin' for love, lookin' for laughter

Things are gonna change, they never stay the same That's why we're fighting a war but the people are to blame You can only stand up for what you believe Don't be blinded by the power of greed What about all those things you could have done but you don't? They say things happen for a reason, you don't do them, they won't

I'm lookin' for life, love and laughter Everything in between and what happens after I'm lookin' for life, love and laughter Everything in between and what happens after Lookin' for laughter

We got everything we need All the money in the world, want to buy what we see Dreams are worth more than gold Some people hold on, some people let go The stars all come out at night The velvet sky, all so bright I feel so close to you Because I see what you see too

I'm lookin' for life, love and laughter Everything in between and what happens after Lookin' for life I'm lookin' for life, love and laughter Everything in between and what happens after What happens after! I'm lookin' for life, love and laughter Everything in between and what happens after What happens after?
