

# Can You Help Me

Dondria

Things ain't feelin' like they used to  
We're like strangers in our own home  
Wishin' that would change  
Don't wanna place a blame  
Just wanna find a way to bring you back again  
Which road should we take  
We can turn this around  
Before its too late don't wanna be a mistake baby  
Oh I think that we can find our way  
Tell me

Oh, where did we go wrong?  
Remember how we touched  
Don't give up on us  
Can you help me?  
Oh, can't do this alone  
Without you I'm lost  
Don't give up on us  
Can you help me?

Tell me what to do  
I wanna make it right  
How I wish we could go back in time  
When you loved me like you'd never see my face again  
Can't believe we're here after where we've been  
The closer we get the further we push away  
Don't want it to hurt boy I want it to work baby  
Oh I tried but I can't do this without you

Oh, where did we go wrong?  
Remember how we touched  
Don't give up on us  
Can you help me?  
Oh, can't do this alone  
Without you I'm lost  
Don't give up on us  
Can you help me?

I cant believe what's happenin' is real  
Wanna tell you how I feel  
But the words ain't comin' fast enough  
Caught in my throat feels like in a dream  
Is it really what it seems?  
Can you help me?

Pick up the broken pieces  
Put us back together again  
I don't want our story to end  
I'm tired of wondering  
If it will be okay  
Tell me

Oh, where did we go wrong?  
Remember how we touched  
Don't give up on us  
Can you help me?  
Oh, can't do this alone

Without you I'm lost  
Don't give up on us  
Can you help me?

Oh whoa oh oh  
Oh whoa oh oh  
Oh whoa oh oh  
Whoa

Can you help me?

Oh whoa oh oh  
Oh whoa oh oh  
Oh whoa oh oh  
Whoa

Can you help me?
