

# Where Did We Go Wrong

Dondria

Is it something I did, or is it something I said.  
Is it something you heard, is it something that I'm missing.  
Tell me what's going on, baby where did we go wrong.  
Tell me what's up, baby don't give up; can you just hear my son  
g

It's been a minute since you told me that you loved me  
You used to stay home every night, but now you're in the street  
s  
I'm hearing rumors bout you creepin with some chick named Desti  
ny (I can tell you how it feels to be lonely now)  
I'm so fed up with all your lies and you deceivin me.  
You act like you don't even remember how we used to be  
Like we never existed, like you don't even miss it  
What did I do to make you treat me this way

You used to buy me things to see the smile on my face  
But lately you've only done things to make my smile erase  
Always fussin & fightin  
You don't care when I'm cryin  
And I don't know why we took this turn for the worse.  
Baby let me know something, cause I don't understand  
I love you and I'm willing to fix this any way I can  
But you gotta tell me what's goin on  
Why do you treat me this way, I wanna know where I went wrong

Somethin' ain't right, there's no use in denyin  
I just don't know why we always fussin & fightin  
Baby what is wrong, it feels as though I'm dyin inside  
Without you by my side, baby I'm crying
