

# Cuttin' Me Off

Donell Jones

Oh yeah ooh  
Let me talk to you girl

Said I didn't lie told you where I'd be  
I'd be chillin' with my boys at the (won't you let me finish)  
How your girl gone tell you she saw me with some trick  
But ain't told you she been trying to get with (girl let me finish)  
I been trying to tell you for a while  
But you never let me get what I'm trying to say out ooh  
I always listen to what you got to say  
But for a change won't you shut up let me explain

(I will tell you) I will tell you exactly where I was but you  
Keep cut cuttin' me off  
(Baby I will tell you) I will tell you exactly who I was with but you  
Cut cuttin' me off  
I could just lie give a solid alibi  
Wasn't no late night show  
And my spotless lie  
('Cause without you) 'Cause without you girl I'm lost I would say  
But you keep cut cut cuttin' me cut cuttin' me off

Gave you your turn you done said a mouth-full  
Now I'm gone speak my mind and you gone let me finish  
Girl I promise that I'll tell you the truth, the whole truth  
Let me finish, let me finish, let me finish  
I been trying to tell you for a while  
But you never let me get what I'm trying to say out  
I always listen to what you got to say  
But for a change won't you shut up let me explain

(I will tell you) I will tell you exactly where I was but you  
Keep cut cuttin' me off  
(Baby I will tell you) I will tell you exactly who I was with but you  
Cut cuttin' me off  
I could just lie give a solid alibi  
Wasn't no late night show  
And my spotless lie  
('Cause without you) 'Cause without you girl I'm lost I would say  
But you keep cut cut cuttin' me cut cuttin' me off
