

# I Hope It's You

Donell Jones

Someone who can satisfy my every little need  
I'm hoping it's you  
I've been waiting for someone to bring their love to me  
I'm hoping it's you

I wonder if you're qualified to give me love and affection  
'cause in my mind girl, I'm hoping that it's you  
'cause things never seem to go my way  
I've been hurt so many times before  
And I need a little something more, are you that someone

Someone who can satisfy my every little need  
I'm hoping it's you  
I've been waiting for someone to bring their love to me  
I'm hoping it's you

You got a opportunity if you want to be my lady  
I want you to know that people say I'm hard to please  
So won't you come and change my world  
I can give you anything you need  
But I want to know what can you do for me  
What can you do do for me, baby

You can make me love you  
Don't waste my time  
Put your heart into it  
And everything will be alright  
You got to promise to be that special one in my life  
Said it feels so good to know that you are all mine

Someone who can satisfy my every little need  
I'm hoping it's you  
I've been waiting for someone to bring their love to me  
I'm hoping it's you

Oh baby  
Girl, I'm looking for someone  
Ooohhh, oh baby, yeah

Someone who can satisfy my every little need  
I'm hoping it's you  
I've been waiting for someone to bring their love to me  
I'm hoping it's you
