

# Blade Running

Donkeyboy

I'm a guy,  
who never did them missing wrong my friend,  
until I, I made you.  
The plan was good, every detail, every step we took.  
A masterplan one went wrong...

We all lose sometime (sometime that it makes me feel alone),  
Now I can get more time (you are beautiful).  
I've done something wrong, we had everything.

We took clift, driving down the road,  
we had, everything... settle down.  
But in the hirase, faraway I've seen the treath,  
all alone, we should have gone right.

Now I can get more time (you are beautiful).  
I've done something wrong, we had everything.
