

On Fire

Donkeyboy

So give up
You might've given
her something good
But she don't mind
So give up
It's like a
headache comin' down

Don't incite
So give up
I said that I was
working overtime to unwind
So let it go
I'm comin' back and
I'm on the track every time

Cuz I am, I have
been on fire lately
Cuz you know, you know
my desire saved me
(Now, you can figure that out)
(Talking with you in that picture)
(Aha, you can figure that out)

She said that I was
taking overtime to unwind
She can't let it go
So give it up
I will never stop,
don't you know?

Cuz I am, I have
been on fire lately
Cuz you know, you
know my desire saved me
You might've given
her something good
Give up
It's like a
headache comin' down
So give up

Cuz I am, I have
been on fire lately
Cuz you know, you
know my desire saved me
