

Pull Of The Eye

Donkeyboy

If somebody called your name
If somebody took the blame
Would you be just the same?
Would you do it again?
Doctor feel good, your desire
Makes me feel good, takes me higher
Doctor feel good, you're a liar
In this might world, you're the fire

Pull of the eye, be anyone, could be anyone
You can be someone
Pull of the eye, be anyone, could be anyone
You can be someone

So, you make it feel so good
Even if you pretend
Make me believe I should
Make me do it again
Doctor feel good, your desire
Makes me feel good, takes me higher
Doctor feel good, you're a liar
In this might world, you're the fire

Pull of the eye, be anyone, could be anyone
You can be someone
Pull of the eye, be anyone, could be anyone
You can be someone

If somebody called your name
If somebody took the blame
Would you be just the same
Make me believe I should
Make me do it again

Pull of the eye, be anyone, could be anyone
You can be someone
Pull of the eye, be anyone, could be anyone
You can be someone

Doctor feel good, your desire
Makes me feel good, takes me higher
Doctor feel good, you're a liar
In this might world, you're the fire

Doctor feel good, your desire
Makes me feel good, takes me higher
Doctor feel good, you're a liar
In this might world, you're the fire

Pull of the eye, be anyone, could be anyone
You can be someone
Pull of the eye, be anyone, could be anyone
Finally I can be someone
