

Moonbeam

Donna Lewis

Crossing over
Forever changing
You're one of a kind
One in a whirlwind devine

Oh little moonbeam
Let me hold you
Oh little moonbeam
I ask you

Let me in
Let me hide in this sweet thing
Let the willow walls enclose
Pulling my back straight
My feet straight
And I can laugh
I can laugh out loud
Who would love me better

Oh little moonbeam
Encourage me
Oh little moonbeam
Pray for me

Oh little moonbeam
Discover me
Oh little moonbeam
Let me in

Ooh the smallness
Ooh the smallness

Taking a deep breath
Up in the blue zone
And i can't believe this
A joyous occasion
Mmm I want to make it
Ok I've got a secret
Ok I've got a reason to be

Oh little moonbeam
I will follow you
Oh little moonbeam
Take over

Oh little angel ray
Oh little angel ray
Little angel ray.....
