

# Christmas Spirit

Donna Summer

Everyone, come gather near,  
And I'll tell you a story, that you'll love to hear,  
(ooohh)  
It's Christmas time, the season's RIPE  
And all around the world, we celebrate the birth of Christ.

He came to bring us peace,  
He came to bring us everything that we need to set us free.  
HOW I long to feel that Christmas spirit in my heart  
Oh I long to feel that Christmas spirit in my heart

As a child I still recall  
Well, Christmas was my favorite season of them all  
(oh) my heart was filled with childlike grace  
And THE hope there is in knowing  
Why the savior came

He came to bring us peace  
He came to bring us everything that we need  
To set us free  
Now I long to feel that Christmas spirit in my heart  
Yes I long to feel that Christmas spirit in my heart

So turn your heart throbs in  
And let God grow within  
Not to destroy  
The greatest gift I know  
He came to earth below  
To show us love

He came to bring us peace  
He came to bring us joy  
He came to bring us everything

IN faith, if we believe  
The gift that we receive  
Is life and love and everything

The greatest gift I know  
He came to earth below  
He came to bring us everything

Still I long to feel that Christmas spirit in my heart  
Yes I long to feel that Christmas spirit in my heart  
Now I long to feel that Christmas spirit in my heart
