

Down Deep Inside (Theme From The Deep)

Donna Summer

Down deep inside
There's a place in me I'm yearning to explore
Look in my eyes
And remember wine, the music and amour
The days grow stronger and longer
With every glance
It's what a stare and the dance were
To find romance
While dancers dance so close

Deep inside to our dream of dreams
Our theme of themes
Romance

Yes I'm falling watch me falling
Something warm is turning inside of me
Something warm is burning inside of me
