

Fascination

Donna Summer

No escaping
No spell is over me
Fantasy's fact you see in my life

Time and motion
Seem to have made a stop
And if the whole world passes by
I wouldn't bat an eye

If you say you were mine

Fascination all I do is
Fascination dream of you

Such devotion
I've never felt before
You opened up a door in my life

No tomorrow
Could there be without you
And if you should say goodbye
I think that I would die

Fascination all I do is
Fascination dream of you

I can't think about anything else
But you

There's nothing I can do
Oh no, oh no
Nothing I can do
Nothing I can do

I can't think about anything else
But you
There's nothing I can do

Fascination all I do is
Fascination dream of you
Fascination all I do is
Fascination dream of you
Fascination...
