

# Fascination

Donna Summer

No escaping  
No spell is over me  
Fantasy's fact you see in my life

Time and motion  
Seem to have made a stop  
And if the whole world passes by  
I wouldn't bat an eye

If you say you were mine

Fascination all I do is  
Fascination dream of you

Such devotion  
I've never felt before  
You opened up a door in my life

No tomorrow  
Could there be without you  
And if you should say goodbye  
I think that I would die

Fascination all I do is  
Fascination dream of you

I can't think about anything else  
But you

There's nothing I can do  
Oh no, oh no  
Nothing I can do  
Nothing I can do

I can't think about anything else  
But you  
There's nothing I can do

Fascination all I do is  
Fascination dream of you  
Fascination all I do is  
Fascination dream of you  
Fascination...
