

# I'm a Fire

Donna Summer

I am a fire  
Can't you feel the heat?  
I am a furnace  
Come burn in me  
You are, you are, you are  
The thing that makes me hotter  
I need, I need your love  
To make me warmer  
I'm burning  
I'm burning

Just like the sun reveals the sky  
Just like a torch becomes your guide  
I'm a fire  
I'm a fire  
And I'm burning so bright  
Just like the moon  
Heats up the night  
Just like the star bursts into sight  
I'm a fire  
I'm a fire  
And I'm burning so bright

I am a fire  
Can you feel the heat?  
I am desire  
Come feel the beat  
You are, you are, you are  
The thing that makes me hotter  
I need, I need your love  
It makes me warmer  
I'm burning  
I'm burning

Just like the sun reveals the sky  
Just like a torch becomes your guide  
I'm a fire  
I'm a fire  
And I'm burning so bright  
Just like the moon  
Heats up the night  
Just like the stars bursts into sight  
I'm a fire  
I'm a fire  
And I'm burning so bright

You gave me everything I am  
Came into my heart and tore it around  
How could I know  
You'd be the one  
Honestly I am so taken

Believe in me and I in you  
You're like water on my chocolate  
You're like...  
Can you feel it?  
Do I need to say it?

Can't you just feel it?

Take your time  
Let me feel it  
Oooo babe oooo baby  
Come on now

Que sera  
Esta vida  
Oh yo te quiero, yo te quiero, yo te quiero  
Esta mañana

Just like the sun reveals the sky  
Just like the torch becomes your guide  
I'm a fire  
I'm a fire  
Just like the moon  
Heats up the night  
Just like the star bursts into sight  
I'm a fire  
I'm a fire  
And I'm burning so bright

I'm burning and I need you  
I'm burning and I need you  
I'm burning and I need you
